Northeast Elementary School

Specialized **Education**

Northeast Elementary specializes in the needs of the 3rd - 5th grade student. Student voice is encouraged through monthly town hall meetings, a student council and student responsibilities (afternoon announcements, cleaning, hall monitors, classroom buddies etc.) Northeast's unique niche allows for concentration in areas that prepare students for their next step to the Middle School at Parkside. Students are taught to advocate for themselves appropriately so that they understand proper chain of command and speaking skills. Students participate in service learning projects to develop global citizens.

Neighborhood *Partners*

Northeast's sister school is **Bennett Elementary** that serves Grades K - 2. Start and dismissal times, as well as bus schedules, are aligned to serve families with students attending both schools.

The two schools share a focused philosophy on student learning, and developing in students the characteristics of what it means to be a good learner.

STEAM provides an avenue for formally teaching the inter-relationships of how subjects relate in real-life. STEAM-style education can be enjoyably and meaningfully delivered in more engaging and deeply embedding ways within the already well-established realm of education.

All of the teachers are very open to communicating with each and every family. Teachers utilize the Blackboard Connect System as well as the JPS app. These communication outlets utilize text, phone, email and social media. They welcome parent meetings and often schedule parent classroom visits.

Welcome!

Welcome to Northeast Elementary where Erik Weatherwax is the enthusiastic and hands on principal. Mr. Weatherwax is not only a proud graduate of JPS but he has also spent his entire teaching and administrative career as a JPS employee.

Northeast is a STEAM school serving grades 3rd-5th. STEAM is **Science and Technology** interpreted through **Engineering and the Arts**, all based on **Mathematical elements**. Northeast also offers a Multi-Tiered System of Supports (MTSS) for academics and behavior enabling staff to provide the "just right" level of support for their students. Teachers at Northeast work together in teams reviewing and analyzing student performance, making adjustments to ensure each child's academic success.

Jackson, MI 49202

Northeast's vision of education is to instill a foundation of lifelong learning, academic excellence and workforce readiness in a safe and collaborative environment. Staff at Northeast believe it takes a team to provide the best educational experience possible and then encourage family and community partnerships. Please feel free to reach Principal Weatherwax for more information or a tour! *Go Vikings!*

MISSION

We will bring our community together to create a culture of academic excellence and workforce readiness.

VISION

We envision a community where all students become lifelong learners.
